Disable Caching - Firefox

1. Opened up the FireFox browser

2. Typed about:config in the address bar

The following message will appear:

Here be drago	ns!
Changing these adva application. You sho	nced settings can be harmful to the stability, security, and performance of this Ild only continue if you are sure of what you are doing.
📝 Show this warning	g next time
	I'll be careful, I promise!

Since you've come so far be BRAVE and click on "I'll be careful, I promise!"

3. Typed **network.http.use-cache** in the filter box.
